OUR MISSION IS THEIR SUCCESS

Blessed Sacrament Catholic School (founded in 1948) provides students in Preschool through 8th Grade with a comprehensive, dynamic and personalized faith-based academic education.

We are a community of believers who strive to communicate Christ to the students entrusted to our care through our example, guidance and encouragement.

As representatives of our faith, we promote and encourage a holistic education with high standards, focusing on the spiritual, intellectual, psychological, sociological and physical development of each student.

GROWING IN THE SPIRIT OF ATHLETIC COMPETITION

As proud members of the Parochial Athletic League, Blessed Sacrament offers a wide range of competitive after-school sports for our students throughout the school year.

Basketball, volleyball and flag football are available to students in grades 4-8 during the fall and winter seasons.

In the spring, the majority of students in grades 1-8 participate in our annual track and field program in preparation for the PAL Track Meet.

The opportunity for personal growth and development provided by these activities is one of many reasons why BSS remains committed to athletics as an important component of student development.

ACADEMICS WITH THE HIGHEST STANDARDS

Blessed Sacrament offers an advanced standards-based curriculum that includes Accelerated Reading, Writing and Math, hands-on Physical Science in a state of the art lab facility, as well as Social Studies and History. Spanish and Honors Math are also offered to students in grades 5-8. We are proud of the fact that our graduating 8th grade students routinely test into advanced courses entering high school.

SPIRITUALITY AS OUR CORE AND FOUNDATION

Jesus Christ is the center of all that we do at Blessed Sacrament. Religion is taught and put into action daily. Students attend Mass weekly and are actively involved in roles of service through monthly projects. They participate in school-wide prayer on a daily basis as well as regular study of scripture. Students are also prepared for First Reconciliation and First Holy Communion during school hours with parental participation.

A UNIQUE COMMUNITY OF FAITH AND ACCEPTANCE

One of the unique benefits of sending your child to a Catholic school is the sense of close-knit community and togetherness that develops in a loving, faith-centered environment. Blessed Sacrament takes pride in offering students and their families an opportunity to share their Catholic school experience through a wide variety of gatherings, socials and extracurricular events, intended to bring people together in celebration of shared goals.

Blessed Sacrament School offers so much more to our students, including:

- Student Government & Leadership
- Dedicated Learning Support Program
- Retreats & Educational Field Trips
- Variety of Extracurricular Activities
- Before & After Extended Day Care

Be sure to check out our school website, www.bsscatholic.org, for more information about all that BSS has to offer!

PRESCHOOL & PRE-K FOR EARLY DEVELOPMENT

Our Early Childhood Program is designed to offer faith-based learning opportunities to 3 and 4 year old students by introducing them to developmentally appropriate activities that promote spiritual, social, physical and cognitive growth. Students are introduced to important concepts of the Catholic faith and provided with an intellectual foundation in an atmosphere that fosters creative expression and self identity.

TECHNOLOGY INTEGRATED ACROSS OUR CURRICULUM

Blessed Sacrament remains committed to integrating evolving technology to give our students access to resources that help broaden the scope of learning and development. Our students are provided with 1:1 digital tools and devices that promote interactive learning at school and at home. Teachers utilize these tools in their classrooms to more effectively enhance student participation and make learning a more dynamic experience.

PHYSICAL EDUCATION & FINE ARTS PROGRAMS

Blessed Sacrament is proud to offer comprehensive Physical Education and Fine Arts to all of our students. The students attend weekly P.E. classes, which help develop a greater understanding of exercise and nutrition, and how the two relate to lifelong health and physical fitness. They also receive regular voice and music lessons and participate in the hands-on Arts Attack program to help broaden artistic expression.

BSS STUDENTS PLACE HIGH AMONG PEERS

Every March, Blessed Sacrament sends a team of 7th and 8th grade students to participate in the prestigious annual Diocese of Orange Junior High Academic Decathlon.

The students diligently prepare for months in advance with remarkable dedication, which shows in their consistently high placement in both team and individual academic categories.

READ OUR PARENT TESTIMONIALS:

"Blessed Sacrament School is one of the best schools in Orange County. Not only does it challenge all students to meet high academic standards, but its curriculum strives to develop the whole student. As if that were not enough, students gain one of the most important and greatest values of all: a school that supports and builds moral character through Catholic faith teaching. I am an extremely satisfied and proud parent of the school and highly recommend it to anyone." - **Gerise Reaves**

"We are fortunate to have found BSS. The school has high academic standards, Christian values and passionate teachers who truly care for the students in and out of school. BSS is the best Pre K - 8th grade Catholic school in Orange County." - **Joe & Cherry Buckle**

"Blessed Sacrament School is like that secret fishing spot that only the people that have discovered it get to enjoy. We initially enrolled our kids at BSS with the intention of having them go there only for their preschool years since we live near some good public schools but quickly realized we had found a school that offers the type of education every parent wants for their kids. We are writing this small message so that other parents who are looking for a good school need look no further: Blessed Sacrament is it. We don't want this great school to be a secret anymore.. come and join us and all the other parents who have discovered it and love it." - **Jose & Linda Perez**

"The Preschool program at Blessed Sacrament is something to be proud of. The teachers and staff in this program are great with the kids, intelligent, and very creative. My husband and I were very particular about picking the right preschool program as we both work from home and can easily teach our daughter what she needed. We visited over 5 preschools in the area and Blessed Sacrament was the only school that met our criteria. I highly recommend it to anyone who values their faith and wants a quality education for their children." - **Larry & Jean Ascani**

"Blessed Sacrament School has been nothing less than a gift. The staff is outstanding and is very passionate about teaching the kids. Also, I have to comment on how amazing the sports program is. The coaching staff is constructive and very supportive of the kids. As a mother of two children, every time I drop off my boys, I am in awe of how grounded and well behaved all the students are. This is a great place to send your kids! I would highly recommend it!" - **Rosaline Carroll**

"Our family's experience at Blessed Sacrament School has been exceptional. The staff, teachers and parents are dedicated and extremely involved in providing a well-rounded faith based education. The athletic programs available to the students go above and beyond teaching the values of teamwork by stressing the concept of being a student athlete." - **Matt & Darcey Hermans**

"All of our children are currently attending Blessed Sacrament School. Personally, we feel that it is the best Catholic school in the area. My experience with the teachers and staff has all been positive. The principal and teachers are very supportive and helpful to the students and their parents. The school is a very close knit community and parents are asked to be involved in some way or another. Being an active participant in your child's education is priceless. It also creates a model of transparency that translates into the success that the school's able to provide for our children." - **Duy & Helen Ninh**

"We have been a part of the BSS family for more than 10 years. The teachers, staff and families at Blessed Sacrament School work together to reach the same goals for every student through quality education, parental involvement, and support of every student. The students are active in roles of service, leadership and stewardship." - **Gary & Suzanne Chavez**

"BSS is a great school with a strong Catholic identity. It exceeded my expectations for great teachers, strong academics and a faith-filled environment. We loved the school and were all sad when it was time for our son to graduate from 8th grade, but time marches on. He is now in high school doing Honors/AP level work. The academic and spiritual foundation built at BSS has prepared him well to face all the challenges of high school." - **Diane Wills**
